Re: Summary of ARMP Public Involvement Meeting on 3/25/2026

Wilson Facilitators: Liliana Domenici, Schylon Kubic, Peter Steele, and Jared Seff

Location: To'hajalihee Chapter House

Number of Attendees: 8 - Chapter Residents, chapter president, one land board member, the state representative Michelle Abeyta – There were more than eight individuals in attendance, but only eight signed the sheet.

Sign-In Sheet Attached: Yes

Key Themes from Attendees:

- There is a CLUP being developed that touches on some concerns and constraints that Dolores (land board member) mentioned. This includes:
 - o The uranium mine
 - o Land grant issues
 - o Power Line being put in; it was requested to get what the funding status is for compensation
 - o Fencing issues, lack of maintaining and fencing being absent and livestock getting out
 - o Horse roundup
 - o Severe overgrazing
 - o Windmills
 - o Lack of water; the aquifer has dried up.
 - o There is salt cedar present in the water tanks
- There is a new water line coming from ABQ
 - o Trash; illegal dumping and making sure everyone is participating in communal cleanup days
- To'hajiilee is open range and allotment grazing
 - o All of the permitting going through BIA

Key Messaging by Wilson staff:

- Mentioning that we are looking for input and to gather constraints, concerns, and priorities if people were willing to provide us with the information.

Observations:

1. Meeting took place during a planning meeting, and it was stated that we should come back at another date to present.

Of-Interest:

- There is a land board meeting April 14, 2026, at 10am that we are able to attend. Peter stated that we should have someone attend, depending on who is available.
